## جدول الامتحان للفرقة الأولى (برامج الجديدة المميزة) للفصل الدراسي الثاني للعام الجامعي (٢٠٢٤/٢٠٢٥م)

| Agricultural and Biosystems Engineering        | Protected Cultivations                       | Biotechnology                               | Time          | Day and Date          |
|------------------------------------------------|----------------------------------------------|---------------------------------------------|---------------|-----------------------|
| Principles of Food and Dairy Sciences (FS 102) | Principles of Horticulture (HO 102)          | Principles of Horticulture (HO 102)         | 10:00 – 12:00 | Tuesday<br>13/5/2024  |
| Principles of Animal Production (AP 110 )      | Principles of Animal Production (AP 110 )    | Principles of Plant Protection (PP 108)     | 10:00 – 12:00 | Saturday<br>17/5/2025 |
| Principles of Field Crop Production (AG 104)   | Principles of Field Crop Production (AG 104) | Human Rights and Combat Corruption (CJ 114) | 10:00 – 12:00 | Tuesday<br>20/5/2024  |
| Computer Skills (CJ 112)                       | Computer Skills (CJ 112)                     | Principles of Soil Sciences (SC 112)        | 10:00 – 12:00 | Saturday<br>24/5/2025 |
| Economic Theory and Rural Society (EC 106)     | Economic Theory and Rural Society (EC 106)   | Principles of Agronomy (AG 102)             | 10:00 – 12:00 | Tuesday<br>27/5/2025  |
| General Statistics (AG 108)                    | General Statistics (AG 108)                  | Principles of Economics (EC 104)            | 10:00 – 12:00 | Saturday<br>31/5/2025 |
| Principles of Soil Sciences (SC 112)           | Principles of Soil Sciences (SC 112)         | Principles of Animal Production (AP 110 )   | 10:00 – 12:00 | Tuesday<br>3/6/2025   |

جدول الامتحان للفرقة الثانية (برامج الجديدة المميزة)  
للفصل الدراسي الثاني للعام الجامعي  
(٢٠٢٤/٢٠٢٥م)

| Agricultural and Biosystems Engineering               | Protected Cultivations                          | Biotechnology                                            | Time          | Day and Date          |
|-------------------------------------------------------|-------------------------------------------------|----------------------------------------------------------|---------------|-----------------------|
| Surveying and Its Application lecture (AE 202)        | Horticulture Crops Physiology lecture (HO 204)  | Principles of Food and Dairy Industries lecture (FS 216) | 12:30 – 02:30 | Saturday<br>17/5/2025 |
| Engineering Drawing lecture (AE 206)                  | Protective Cultivation Nursery lecture (HO 206) | Pathogenic Bacteria lecture (AM 214)                     | 12:30 – 02:30 | Tuesday<br>20/5/2024  |
| Production Engineering lecture (AE 208)               | Ornamental Production lecture (HO 208)          | Cytology lecture (GE 210)                                | 12:30 – 02:30 | Saturday<br>24/5/2025 |
| Hydraulic and Fluid Mechanics (AE 210)                | Organic Agricultural Principles (HO 210)        | Analytical Biochemistry Lecture (AC 212)                 | 12:30 – 02:30 | Tuesday<br>27/5/2025  |
| Heat and Mass Transfer lecture ( AE 204 )             | Vegetable Production Lecture (HO 202)           | Principles of Scientific Research                        | 12:30 – 02:30 | Saturday<br>31/5/2025 |
| Human Rights and Combat Corruption lecture ( CJ 114 ) | Human Rights and Combat Corruption ( CJ 114 )   | Information Technology (CJ 118)                          | 12:30 – 02:30 | Tuesday<br>3/6/2025   |

جدول الامتحان للفرقة الثالثة (برامج الجديدة المميزة)  
للفصل الدراسي الثاني للعام الجامعي  
(٢٠٢٤/٢٠٢٥م)

| Agricultural and Biosystems Engineering                        | Protected Cultivations                                        | Biotechnology                                  | Time          | Day and Date          |
|----------------------------------------------------------------|---------------------------------------------------------------|------------------------------------------------|---------------|-----------------------|
| Tractor and Agricultural Power                                 | Post-harvest for Horticulture Crops                           | Thinking and Problem-solving Skills            | 10:00 – 12:00 | Tuesday<br>13/5/2024  |
| Theory and Design of Agricultural Machinery                    | Climate Modification under Greenhouses                        | Application of Nanotechnology in Biotechnology | 10:00 – 12:00 | Saturday<br>17/5/2025 |
| Planning and Design of On-Farm Irrigation and Drainage Systems | Vegetables Crops Diseases under Protected Cultivation         | Biotechnology Ethics                           | 10:00 – 12:00 | Tuesday<br>20/5/2024  |
| Mechanics' Soil                                                | Agricultural Waste Management Engineering                     | Cytogenetic                                    | 10:00 – 12:00 | Saturday<br>24/5/2025 |
| Elective 1 (Hydraulic Machines and Pumps)                      | Elective 1 (Nutrient Solutions)                               | Biotechnology Information Systems              | 10:00 – 12:00 | Tuesday<br>27/5/2025  |
| Elective 2 (Mechanization of Animal Production Farms)          | Elective 2 (Irrigation Water Rationalization Under Protected) | Elective 1 (Mutations and Mutagens)            | 10:00 – 12:00 | Saturday<br>31/5/2025 |
| Elective 3 (Aquaculture Engineering)                           | Elective 3 (Agriculture Climatology)                          | Elective 2 (Biodiversity)                      | 10:00 – 12:00 | Tuesday<br>3/6/2025   |
